As One Goes Around

John T. Spickett was a former member of Al G. Fields Minstrel show. He had a dandy voice and he boasted of it. When I last saw John he was postmaster of Juneau, Alaska. John Spickett's head was as devoid of hair as is a billiard ball and he wore a wig. He was a practical joker of the old school and nothing ever hampered him from doing something that would provoke a laugh. Once he went into The Butler Hotel barbershop at Seattle to be shaved. All colored barbers were employed there in those days. The darkey barber had gone Democratic the night before and he was none too steady. John Spickett was a trifle afraid the darkey might nick his face in shaving him, so he thought quickly and, as the barber turned to lather his shaving brush, John Spickett slipped off his toupee and when the barber turned to resume his work on the man in the chair, his eyes rested on a completely bald man, whereas, an instant before he had prepared to shave a man with a full crop of hair. The negro rolled his eyes, he made a quick backstep, slipped, caught himself and dashed through the door. On reaching the street he crashed against a woman walking on the sidewalk toppled her over and caused her to break her leg. The woman threatened to sue the Hotel management and the Hotel came back on John Spickett and Mr. Spickett settled the claim and thereafter held title to being the Alaskan who had paid the largest sum of money in that section for a shave—$875.00.

It was not until after I had traveled on passenger trains in the Island of Cuba I realized how much better system Cubans had of advising passengers the name of the town the train was coming into. Up north I would recall how a brakeman would rush into the car and bellow out something—I never could understand what was said, but in Cuba it was different. Near the front door of the coach was a revolving canvas roll and on the face of the cloth was printed in large letters the station one was getting into. That method kept passengers informed where they were. The railroad cars in Cuba were patterned after the English type and were operated, strangely enough, by the Cuban-American Railroad Company, although the Van Horn interests of Canada controlled the stock—there were no American interests in financing involved. All through the Island I observed much heavier steel rails were used on the roadbed and grades were held down and curves were easier to make. This, I was informed, was a never overlooked policy of the Railroad Company, because it resulted in fewer wrecks.

Bernalillo county was the most prosperous county in New Mexico. Albuquerque was the largest town in that county and was the countyseat. Usually As Bernalillo county went, politically, so went New Mexico. In those days New Mexico, a territory, was heavily Republican. It happened the Baca and Armijo families, old and influential, had many family connections residing at Bernalillo. One day at the postoffice a trivial situation developed and ended in a political disaster. The head of the Armijo family dropped his keyring in opening his postoffice box and one of the Baca boys failed to stoop, pick it up and hand it to the elder Armijo who, because of his age, deemed that showing of lack of respect was an affront. The breach widened and factions took up the controversy and, at the next election New Mexico went Democratic. From that time on New Mexico, which had always been rockbound Republican, began to fall away and it got into the habit of going Democratic until, finally, New Mexico was just as Democratic as Texas.

The last time I met Dick Jose was in the Senator Hotel at Sacramento. He had grown stout and was not in the best of health. Dick was working in the city hall at San Francisco at the time. I had been in Virginia City just before that and I ran across a photograph of Dick Jose and Emma Nevada, both, were Nevadans right down the line. Dick was a Cornishman and when he started in to sing he left a forge in Carson City to appear before the footlights. He was a ballad singer and when he sang he got what he was singing over to the people he was entertaining. He had an odd trick. If he knew you and he saw you in the audience he would come to the front of the stage and call you by name and then sing something he thought you liked. I remember one night Mrs. O'Brien and I were sitting in The Noble Theatre, at Marshfield, and Dick Jose was the evening's attraction. Mrs. Jose had written me a letter, thanking me for a little favor I had done Dick. As he sang Dick happened to spy us and he came to the front of the stage and called Mrs. O'Brien and myself by name. The house was full and it was an embarrassing moment, but Dick kept on, thanking us and then, as I had never heard it sung before, there came from the golden throated Cornishman, "Silver Threads Among The Gold." Emma Nevada, by the way, was an Austin, Nevada-born girl. She was the daughter of Mr. and Mrs. William Wixom. Both Dick Jose and Emma Nevada came from the grass roots and, probably, no State has ever produced a pair who, as old Nevadans claimed, "could touch them as vocalizers."

MAY MAKE TRIP

A late check would indicate the Willits contestant in the Queen bond drive would, in all likelihood, be awarded the honor of making the trip to Honolulu by Clipper plane. A more or less close survey of the situation develops the fact there is only one contender who has any possible chance of getting the honor away from Cynthia Barry and that is a Ferndale girl yet the Mendocino contestant has such a standing it is not at all probable she can be upset.

WILLITS, Dec. 10.—Miss Cynthia Berry was selected Queen in the Victory Loan contest which was sponsored by the moving picture industry. The local girl received 1167 out of 2588 votes cast for six contestants. This total of votes was 105.51 percent of our quota in the bond drive, and was sufficient to make Miss Berry the county winner, or "Queen."

What Figures Show.

Willits' quota for E bonds in the present drive was $45,990. The six girls in the contest accounted for the sale of E bonds in the amount of $48,525, which gave them a safe lead over other

COUNTY MILLS FACE STRIKES

Labor Demands Need Attention Of The Government

(Ft. Bragg Advocate-News)

At last week's National Labor Relation Board's election, lumber workers within the redwood belt voted close to three to one in favor of a strike vote. Approximately 1,500 votes were in favor of a strike ballot with approximately 600 against. The Mendocino coast, with Caspar, Fort Bragg and Rockport mills and woods, were included in the vote.

Negotiations Started.

It has been reported negotiations between the unions and the various lumber operations will start this week, presumably Friday. The meeting will be held in Eureka and a Department of Labor conciliator will be on hand to conduct the negotiations.

Are Compromising.

The strike strategy committee of the Northwestern Council of Lumber and Sawmill Workers, AFL, has moved to settle the pine industry phase of the five-state Northwest lumber strike. Strike Chairman John Christenson said that committee will seek settlement on the basis of a 15 cents an hour increase and elimination of a lower differential than that paid to fir workers. This would mean in some areas that wages would be raised from a basic 87½ cents an hour to 90 cents, in addition to the 15 cents increase. Pine operators have made no offer above 12½ cents. Sawmills were operating almost 100 per cent in the fir industry as more than 2,100 Tacoma district men voted to resume work.

Special Correspondence of The Press

ANDERSON VALLEY, Dec. 10.—A report on the recent benefit dance given by a group of local men, shows a net return of $286.79 which will be used to improve the Boonville and Philo churches. Total receipts were $406.75 with expenses running to $119.98. Music was the largest single item and ran to $96.30; spangles, $2.20; advertising, $3; tickets and posters, $13.26, and bread for the supper, $2.20. Other supplies for the supper were donated by E. B. Wiese and C. E. Price. The committee handling the affair met with Rev. Goodenough and part of the board of trustees of the churches Thursday evening at the parsonage and discussed with them their plans for improvements to be made. Present plans call for carpets for the aisles and rostrum of both churches, repair of the foundation of the Boonville church and a truss rod in the Philo church where the walls are spreading. The men on the committee generously offered to meet with the local men from the church and together form the labor crew to do the work. It would be a nice gesture for the church ladies to see that a hot dinner was prepared for the workmen. C. E. Price was chosen by the committee to act as purchasing agent of the carpets and the funds were turned over to him. Mr. Price is credited with originating the idea of the benefit and suggests it be made an annual affair. Others of the committee with Mr. Price were E. B. Wiese, Fred W. Clark, Jack Macdonald, Nestor Taskinon, C. O. Dightman, C. M. Presley, H. E.

Home Was Destroyed —Aunt Tried To Rescue Tots

Funeral services for Jackie and Larry Smith were held Tuesday morning at 11 o'clock at Eversole Mortuary. Herb Cochrane sang "Beautiful Isles of Somewhere" and "Safe in the Arms of Jesus." Mrs. B. E. Houdeshell accompanied at the organ. The bodies were taken to Napa for burial in Tulocay cemetery. Rev. Chas. G. Lindemann officiated at the Ukiah services.

Several people were in the home at the time of the fire. Roy Owens, it is said, tried to increase a fire in the stove and went outside to get a can containing kerosene, by mistake he picked up a can with gasoline and threw some of the contents into the stove. There was an explosion and immediately the five-room house was ablaze. The body of one little victim was found under a bed, evidently he crawled there, terrified, to escape the flames.

Aunt Was Burned.

Mrs. Roy Owens, an aunt of the cremated children, was badly burned while trying to save the little victims. She is at Ukiah General Hospital under care of Dr. Nicholas Zbitnoff. The house belonged to Vic Testa and was located two miles north of Calpella.

RED TAPE MAY DELAY RETURN

Question Of Prisoner Or Inmate, Bothers State

Richard Curtis, who with two other inmates escaped from the criminal ward at Talmage State Hospital and later was captured in Columbus, will be returned here. At the time Mr. Curtis fled the hospital two other murderers were with him. One of whom has since been picked up.

Is Robbery Suspect.

The man apprehended in Columbus murdered a playmate and on an insanity commitment was sent to Talmage. It was only a few weeks after the trio fled the Hospital, Mr. Curtis participated in robbery of a restaurant in Los Angeles, posing as a milk deliverer and wearing the uniform milk company employes wear in performing their duties. The cashier of the restaurant was bound and gagged and something like $6,000 was made away with. Identification of Mr. Curtis was allegedly made by photographs and, it is said, a like identification was made of Henry Dunlap, one of the men who escaped with Mr. Curtis from Talmage. The latter was alleged to have killed two men in Sacramento and for that crime was sent to prison and afterwards transferred to Talmage. Mr. Dunlap is said to have acted as lookout in the Los Angeles cafe robbery.

May Cause Delay.

There appears to be a nice question involved: If the escapees had been sent to a State prison and later transferred to Talmage upon development of insanity signs, the return of Mr. Curtis to California as an escaped prisoner would take a regular course and little delay be encountered. In case Mr. Curtis should turn out to be classed an insane person it would be more difficult to unwind the red tape such cases create and there may be some delay in his being brought back to Talmage.

GANG PUT OUT MORE THAN 250 RUBBER CHECKS

Gang Arrested At Laytonville Criminally Minded

The seven boys and girls arrested by the Constable at Laytonville several weeks ago, after having been involved in a number of car thefts, burglaries and numerous bad check passings, were declared guilty last week in Superior Court. Judge Lilburn Gibson remanded the girls to the Detention Home for the time being, while the four youths were taken to San Quetin this week. The boys were confirmed hoodlums and had served time before. The girls were brazen and criminally minded.

Sheriff Hal Singleton, of Colusa, when here last week, told much about the wayward young mixed gang of boys and girls. Sheriff Singleton had a better line on the offenders than any of the other officers. He said the seven had all confessed to at least one burglary in Willows and had acknowledged they passed "a number" of worthless checks in Glenn county.

Put Out 250 Checks.

Total of all the fictitious checks written by the seven members of the gang will exceed 250, Sheriff Singleton said. The probation report will probably be the final stage in the prosecution of the gang. At their arraignment, they pleaded guilty to the charges placed against them by the Mendocino county authorities and asked for probation.

Leader of the group appeared to be Gerald Gallego, 18, Sheriff Singleton said. With the Gallego youth at the time of his capture were his wife, Lorraine, 18, her sister who is a juvenile, Patrick Barker, 22, and his brother, Robert, 19, both of Fruto, Joe Russell Burnham, who comes from the Pine Ridge section of Mendocino county, and another juvenile girl.

Fleeced Bar Rooms.

Mrs. Gallego admitted she cashed several of the bogus checks, mostly in bar rooms, for amounts ranging from $10 to $50. Pat Barker and Gerald Gallego assertedly cashed the rest; total of which may approximate more than $3,000. Sheriff Singleton said that, although the Mendocino county authorities will probably deny the request by the gang for probation, Glenn county is prepared to prosecute the group if they are released.

Many Cities Seek Gang.

Holds have been placed on the seven by Colusa, Fort Bragg, Willits, and Grants Pass, Oregon.

The reason for sentencing the boys to San Quentin prison, Sheriff Singleton stated, was because Gerald Gallego and Patrick and Robert Barker have previously served time in Preston reformatory.

WIDOW SUING FOR BALANCE OF POLICY

Suit for $2,000 has been filed in Superior Court by Burke & Rawles for collection of the sum due under a clause in an insurance policy carried by Wes Martin, who was accidentally killed when a horse plunged while being led by Mr. Martin at the Fair Grounds, causing Mr. Martin's death. Mr. Martin carried an insurance policy written by The Mutual Life Insurance Co. It was of a type providing, in case death was accidental, the death benefit doubled. The Company has paid $1,965 on the claim but has not paid the balance, claimed, $2,000. The contention of Mrs. Martin is Mr. Martin's death was caused in an entirely accidental manner.

CITIZENS SAW SKY WANDERER RACE IN SPACE

Thursday Evening An Unusual Happening Took Place

CREATED SOME ALARM

Meteor Shot Through Heavens — Probably Fell In Nevada

Special Correspondence of The Press

HOPLAND, Dec. 10.—A number of residents of the southeastern part of Mendocino county witnessed a sky phenomena Thursday last. Those who have reported the occurrence say they watched what appeared to be a jet-plane shoot across the heavens. Others believed they had seen a burning airplane shooting across the sky. Still others were sure it was a new type of airplane, probably on one of its first flights, which had caught fire.

Saw It Plainly.

At Calistoga the object seemed to have been more observed than in the southern section of Mendocino. At Calistoga all was guess work regarding what it was which caused considerable apprehension. Evidently it was a meteor.

Search Was Made.

In an Exchange from Napa county the occurrence is spoken of thusly: "The press and radio of the next morning disclosed Calistoga was not alone in making guesses. The Napa county sheriff's office was swamped with calls telling of the 'burning plane' and in at least three cases mounter riders searched the hills on the eastern edge of the valley for the 'wreckage.' Army and Navy bases were alerted, and searching parties sent out from three bases. Several hours later reports started to come from Nevada, as well as from points as far south as Santa Cruz, and as far north as Auburn. Astronomers at the University of Nevada stated the color of the object had changed from green, as reported in this area, to a deep, glowing red. Last reports seem to verify the fact the 'jet-plane' was a meteor. From data compiled from the various points it may have landed in Nevada."

Were In Cloverdale.

Mrs. Frank Dooley and daughter, Mrs. Charles Shimmin, were business visitors in Cloverdale Friday afternoon.

Have A Girl.

A little daughter was born Mr. and Mrs Glen Proctor Friday. The Proctors have two other children—a girl and a boy. The baby arrived at Ukiah General Hospital.

A Successful Dance.

The dance held at Hopland gymnasium and sponsored by the local P. T. A. was a big success. Many young couples came from Ukiah and Cloverdale to enjoy an evening of pleasure and the music furnished by the Pacini family, of Ukiah, was splendid. A nice time was had.

Made Fine Record.

Corporal Warren Harmon, son of Mr. and Mrs. Frank Harmon, is home at last and is now a civilian, having received an honorable discharge. Warren was with the Marines in the Pacific battle zone and has been through many months of active duty in that area. He received a Presidential citation, followed by the Purple Heart for bravery at Guadalcanal, which was presented him at San Diego in the summer of 1944, upon his arrival there on a 15-day home leave. He returned shortly afterwards to the southern part of the state where he accepted a place as instructor at Camp Mathews. But feeling the urge to be in the midst of the fight against the Japs, he again entered the Pacific conflict, in spite of an injury to one eardrum resulting from his Guadalcanal experiences. Warren looks fine and is at present resting at the home of his parents in Hopland.

Going To Weaverville.

Mr. and Mrs. Jens Stangland and small son have moved to Weaverville, Trinity county, where they purchased a restaurant which they will operate. Weaverville is a mining and logging town where a good eating place is a real necessity. The parents of Mrs. Stangland, Dr. and Mrs. A. A. Mutchman, will continue their residence at Stangland ranch, above Duncan Springs, for two or three weeks longer, after which they will move to Weaverville also. The Stangland's beautiful home and mountain ranch will have as

FEW PICTURES CAN EQUAL IT

Sunday Attraction A Lovely Story, Acted Supurbly

"I wish I had the talent to write an advertisement worthy of Sunday's picture, "Our Vines Have Tender Grapes!" I wish I could write an announcement that would cause every man, woman and child to see the picture, I honestly believe that would make the entire town feel better, happier, more contented, more neighborly.

Is Hard To Do.

"I wish I could convey in this type the gentle tender mood of "Our Vines Have Tender Grapes." The usual adjectives do not fit this picture. They can not describe the soft, human charm of the school teacher's romance with the country newspaper editor. They can not begin to explain why the farmer (Edward G. Robinson) dreams of a new barn. They can not make you feel the touching love of Margaret O'Brien for her father and her little boy-friend, Butch Jenkins.

Will Steal Your Heart.

"No superlatives can express the atmosphere of this movie—from the moment Margaret kills the squirrel to the burning of the barn and the startling church scene. You must see and feel "Our Vines Have Tender Grapes!" Let the spirit of this story enter your heart—and you'll smile and glow for hours afterward!

"Yes, I loved the picture and recommend it.

THEY WORSHIPPED HITLER

THERE HAS APPEARED AN ARTICLE of a special correspondence type by DeWitt Mackenzie outlining the hold Adolph Hitler held over people. It is a not over-stated story, but it is one which should cause everyone to think deeply before becoming too prone to exert unusual mercy on a people who would have destroyed us all, had things turned out differently. Mr. Mackenzie's article says:

"It is a staggering commentary on the gullibility of man that, while the British at Nurenberg are opening their war crimes case against the 20 Nazi leaders, the English press should be blazoning reports of the discovery of a "Legion of Christian Reforms" who hold that Adolf Hitler was "a divine instrument sent by God to judge the world.'

"Such a development in Germany would be more easily understandable. It is almost incredible, however, that a thing of this sort should happen in an England which only a short time ago barely escaped enslavement at the hands of Hitler, the anti-Christ.

"This sensation had its beginning in the purchase of a granite bust of Hitler at an auction of former German embassy furnishings in London for 500 pounds, about $2,000.

"The purchaser was Captain R. R. Gordon-Canning, one-time member of the British Union Fascists and of the Anglo-German Society, 'The Link.' He was imprisoned for two years during the war under defense regulations. The bust is said to have been given a home at headquarters of the cult in a stone mansion, with 16 acres of grounds, in the lovely Sussex countryside.

"It was German belief in Hitler's Messiahship that was partly responsible for his hypnotic hold on his people. During a visit to Germany in 1938, I followed him through the fateful conferences with Chamberlain at Berchtesgaden, Godesberg and Munich, saw his amazing leadership in Berlin and went into little Czechoslovakia's Sudentenland when he made his triumphal entry to annex this territory which he had forced from the helpless Prague government.

"Worship of Hitler was strong in many sections, and I mean worship in the religious sense. Great numbers of the people, especially the young folk of the youth movement, looked on him as the Messiah.

"I may have mentioned in this column before that some newspapers which formerly had couched their death notices in language like 'Here died in the faith of his Lord Jesus Christ,' etc., had adopted the shocking phrase, 'Here died in the faith of Adolf Hitler.' There were actual cases of country people prostrating themselves as the fuehrer passed.

"There is some question whether Hitler at the outset regarded himself as a Messiah, although he did believe he was divinely ordained to carry out his program. However, he encouraged the belief in his own divinity, and his captains spread this revolting creed. Ultimately, he probably came to believe that he was, indeed, the Messiah, so colossal had become his ego.

"One is strongly reminded of William Dean Howell's novel, "The Leatherwood God," which, if memory serves me right, dealt with a revivalist of a century ago in the midwest of America. This preacher possessed a hypnotic personality which persuaded his followers that he was Christ. Gradually he came to believe the same himself and this delusion was shattered only when he failed to perform the miracle of transforming a bolt of homespun into a suit of clothes.

"What's the moral of this attempt to spread the idea that the arch-criminal was divine? One doesn't have to go far to find it. There is grave danger in any revival of this terrible creed, for it will render the task of the Allies more difficult in cleaning up Europe and especially in bringing Germany to its right mind. It must be uprooted wherever it is found, and it is a sharp warning to the Allies that there must be no weakening of the original program to kill Hitlerism at all costs."

WHEN WILL WE GET THEM?

METALS AND PLASTICS are no longer commandeered for war purposes, factories have gone far in physical reconversion — yet where is that long-awaited flood of washing machines, refrigerators, radios, garden rakes and gadgets the public is hungry for? What's holding things up? What's messing up the triple play—manufacturer to retailer to consumer? The State Chamber of Commerce research department, after a statewide survey, reports the number of requests from California manufacturers for OPA approval of price ceilings on new products, which had been rising in volume prior to V-J Day," has since dropped or leveled off far below the number expected by local OPA offices"!

Concerned California editors also appear to us to have put the finger on the chief culprit—the OPA. "Manufacturers are either compelled to wait for an OPA modification of their prices or to take the chance of loss," editorializes the Santa Monica Evening Outlook. "Goods are not being prodused as rapidly as they would have been if price-fixing had not been attempted." The Visalia Times-Delta foresees additional disaster from the OPA's freezing of many retail prices at the 1942 level, without relation to whether such prices wipe out profits or entail net losses. "The greatest danger," declares that newspaper, "is that OPA, while it is getting itself into hot water, will drag the distribution industry along with it. If retailers are forced to carry the inflation ball for OPA, the results cannot be anything but disastrous."

"With the war over, the OPA is fighting a delaying action—to postpone the overdue day of its dissolution. And the customer, still waiting for refrigerator, radio or what not, is foremost victim of this folly."

Brother, everyone is having a helluva time, and then some.

caretaker, James Strusz. The family have no intention, at this time, of disposing of the property, as they expect to return to it at some future date.

Has Been Discharged.

Staff Sergeant Orvin Howell, son of Mr. and Mrs. Frank Howell is home again, having received his honorable discharge from the armed forces in the Pacific area. Orvin has been in the midst of the conflict since the start of the war and this is his first and last trip home, as he is now a civilian. He arrived from Tokyo, Japan, at Seattle, November 30. Later he entered Camp Beale until discharge preliminaries were taken care of. His parents are very happy over arrival of their son and a fine local reception awaited the young man. Orvin has many friends and relatives in Sanel Valley. He was a clerk in Metzler's Store several years before December 7, 1941.

Anticipate Happy Holiday.

James W. Williams, son of Mr. and Mrs. E. L. Williams, returned home from France and Germany after four years service with the armed forces on the continent. "Jimmy," as he is affectionately known here, received his honorable discharge at Camp Beale and with his wife, the former Lucile Davis, of Lindsey, are guests at the Williams ranch. Previous to entering the European conflict, Jimmy was stationed for a year in Honolulu. The young couple expect to pass Christmas at the home of Jim's parents, where a happy family reunion is scheduled to take place as John, youngest son of Mr. and Mrs. Williams, will be home to complete the family circle. John, who is with the Navy, is at present stationed on the East Coast. John has been through much active service in the Pacific area.

Celebrated Birthdays.

A "December four birthday" celebration event took place Sunday at the home of Mr. and Mrs. Milo Zanoline when Mrs. Winnie Randall, Fred Zanoline, Milo Zanoline and Carmel Zanoline all took a bow and added one more year to their respective ages. Now this does not mean they were all born on December 9. Oh, no! The birthday dates are scattered through the last month of this year, but the family decided to get together on the above date and make it a foursome. Four beautifully frosted cakes, roast turkey and all the side dishes were on a tastefully decorated table Seated at the festive board were Mr. and Mrs. Roddy Zanoline, of Healdsburg (bride and groom of one month), Mrs. Gladys Harpe, Santa Rosa, Mrs. Winnie Randall, Hayward, Mr. and Mrs. Fred Zanoline, Healdsburg, Philip A. "Bud" Fortune, Santa Rosa, Mr. and Mrs. Milo Zanoline and their daughter, Carmel, Hopland.

Returned To Owner.

A gentle-eyed collie dog, which was lost and strayed to the home of Mr. and Mrs. Oliver Brown in East Sanel, who gave it the best of care and attention during its brief stay, was claimed by Wm. Renfroe, a local rancher, its rightful owner.

Had Fine Trip.

Mrs. E. L. Williams and Mrs. Ann Wenger passed five delightful days Christmas shopping in San Francisco last week. They found fine accommodations at the Ramona Hotel — the only drawback being the self-operating elevator, which seemed to have a way of landing them either in the basement or on the top floor, no matter how often they punched the button for their correct landing floor. They had the pleasure of seeing two KPO broadcasts, due to the fact one of the ladies was correspondent for The Ukiah Republican Press. Hal Burdich, Night Editor broadcast and Dwight Newton's school broadcast, both provided courtesies on Friday. The ladies attended a fine lecture Saturday night at Civic Auditorium and went to church Sunday at C. S. Fifth Church Christ Scientist at 11 a.m. They conversed with Santa Claus in Toyland at City of Paris after seeing the beautiful Christmas tree, three stories high, all brilliantly decorated and lighted. They visited with Mrs. Williams' cousin, Dr. Wesley Ward and wife, who live on Russian hill and were treated to a fine wild duck dinner. They were also guests of Mrs. Clara Truwin, sister of Mr. Williams, who lives across from Golden Gate Park. They had time, too, to take in Chinatown. Perhaps these ladies were not much help to the after-war effort when they stumbled into a Greyhound bus, both loaded with packages, but they certainly had a whale of a good time.

A Successful Affair.

The Catholic Ladies Guild, sponsored a big party, which was held at the High school gymnasium Saturday evening. A delicious chicken dinner was served at six o'clock at $1 a plate and many guests enjoyed the fine repast. Later in the evening card games, Pedro and Bridge, were played and a big turkey was raffled.

Funeral Today

William Finney died here Monday night. Deceased was a son of Louis and Margaret Finney and was about 75 years of age. He came here when a child and had long lived near Calpella. Deceased leaves two brothers, Fred and John Finney. He had two sisters, Mrs. Martha Chipps and Mrs. Mary Schangler, of Seattle. Masonic services will be held this afternoon (Wednesday) at two o'clock from Eversole Chapel. All members of Ukiah Commandery Knights Tempar are asked to attend the funeral.

STREETS DECORATED IN ATTRACTIVE WAY

The Chamber of Commerce is collaborating with the City of Ukiah in providing the business section of the city with attractive street Christmas holiday decorations. The work is being done by a crew of four men who have come up from Oakland to install the attractive pieces of greenery on the electric standards. It is the hope of those in charge of the movement to build up a practice of annually decorating Ukiah's downtown section and to increase it in attractiveness and gradually bring about a worthwhile scheme of city yuletide decoration. The city crew, under Electrician Hopper, will decorate the Christmas tree in the Plaza.

DAMAGE SUIT AGAINST A MINOR IS LOOMING

An aftermathe of a recent auto accident is reflected by a suit filed in Superior Court by Paul Smoley, who is asking to be empowered by the court to act as guardian for his wife, Vanity Smoley, a minor, who was injured in an auto accident on the south highway in early October. In the accident, Mrs. Helen Foster, a New York woman, was a member of the auto party and met her death. The case was filed by Burke & Rawles and is believed a preliminary to an action for damages against the driver of the car and his father, the driver being, also, a minor. An action headed in the same direction was filed recently by the husband of Mrs. Foster, Claud F. Foster.

COMMUNITIES HONOR QUEENS

Ukiah And Willits Present Bonds To All The Girls

Ukiah area made its Series E quota of $162,060 on the final day of the drive, December 8, and such sales as are made the balance of the month will be that much over requirements, as all Series E purchases made during the balance of the year will be credited to the drive. The overall quota of $331,435 was topped a week ago and this figure will grow perceptibly as the corporation allotments start coming in. This is a fitting finish to the admirable record the people of the Ukiah area have set all during the war in their bond purchases and keeps the whole record clean.

Barbara Hooper First.

The contest for Community Victory Queen, which ended at midnight December 1, was won by Miss Barbara Hooper, who amassed the amazing total of 2,654 votes, having sold $49,762.50 in Victory bonds. The other girls also turned in fine performances. Miss Joyce Call finished second with 993 votes, selling $18,618.75 in bonds; Miss Betty Farnsworth, third, with 667 votes, selling $12,506.25 in bonds, and Miss Norma Lucchesi was fourth, with 461 votes, having sold $8,643.75 in bonds.

Willits Girl Winner.

The title of County Queen was won by Miss Cynthia Berry, of Willits, in that the Willits district far outstripped the balance of the county in percentage of bonds sold to community quota, reaching the astonishing total of 105.4 percent of quota, as compared with 55½ percent in Ukiah and 21 percent in Fort Bragg. However, individual honors were triumphantly carried by Miss Hooper as she, individually, sold more bonds than the combined efforts of all the girls in each of the other districts in the county.

Communities Generous.

On the night of December 4, the Willits community turned out en masse to pay tribute to their queen and Queen Cynthia was presented a $100 war bond and the runners-up each received a $25 war bond. The Ukiah community, not to be outdone by Willits, did the same for its girls. All the contestants also received a three-months' pass to the local Mann theatres here and in Willits. Queen Cynthia invited the Ukiah contestants to attend the party and a delegation composed of Queen Barbara, Princess Joyce, County Co-ordinator Fred L. Creen and Mr. and Mrs. A. L. Harris attended the celebration and were given a royal reception. Queen Cynthia went to San Francisco, Sunday, December 9, to compete in the northern California finals and has a very good chance of continuing in the National contest as, to date, no community has reported having the high record established by Willits.

Sidelights of Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, while chairman of the State Board of Prisons of California

ABOLISHMENT OF HARVEST CAMP HAS COME

This is a case which originated in Los Angeles.

It intrigued me because it indicated to what extent some attorneys will go to try and clear their client, even if the proof is perfectly plain the man being defended committed the murder of which he stands accused.

"Defendant was living in an apartment with his wife and the victim lived in a small building in the rear On the night of this crime, the defendant and his wife, already under the influence of intoxicants, went to the home of the man later killed to continue their drinking there. The defendant took along a gallon of Muscatel wine, which was partly consumed. After the party had broken up, the defendant returned to the home of the victim, demanding what was left of the gallon of wine. Refusing to accede to the defendant's request an argument came on. Later the defendant again returned, armed with a kitchen butcher knife once more demanding his remainder of the gallon of wine. When refused, he inflicted stab wounds on and about the abdomen of the victim, who died from the result thereof a few hours later. The victim also suffered a severe laceration of one of his hands in an effort to disarm the defendant."

The story of the crime as given above was exactly what happened. The attorney for the murderer had nothing on which to base mitigating evidence, but resort was had to pettifogging. The attorney for the murderer asked for an instruction at the trial and made a great deal of fuss over the fact the court denied his request and used the fact in trying to get a parole for the murderer later. The attorney's contention was not based on any showing the murderer had slain his victim in self-defense. When a move came up to get the murderer paroled the District Attorney's office sent word to the Parole Board: "We are opposed to parole or further leniency. Because of the character of the offense of which defendant was convicted and is now serving time."

The records of the Los Angeles Police Department show the murderer, four months before he was convicted of the fatal stabbing of his victim, was under arrest for an attempt to commit murder.

That is the way the case stood until an effort to have the man paroled developed. I observed there was nothing to cause a Parole Board to act favorably in the application for a parole. From back in an Ohio town came a letter from a man who said he had been a policeman 30 years who felt, if the convicted murderer were given another chance, he believed he would behave himself. It was just the kind of a letter some good, old lady got from a country town Cop she had known all her life. The Copper wanted to help out the old lady because he felt sorry for her.

The California State Penitentiary Warden at San Quentin, however, was not any easier than the Ohio policeman, who had not seen the prisoner for many years and knew only what the mother of the convicted man had told him the facts in the case were. Warden Clinton Duffy, when the time came to let a lot of the boys leave San Quentin, certified this knife killer, as one fit to go into the orchards and harvest fields of California residents, as a person who could be trusted to cause no trouble!

Happily the dangerous practice of sending convicts out to peaceful homes to mingle with women and children has come to an end. Richard McGee, head of the California Prisons, has finally announced that, from and after this year, the practice of using convicts in harvest camps will end. It should never have been commenced and it is quite certain that, once the practice is abolished, it will not be resorted to by any other administration.

Its miserable failure has for all time damned its possibility of resumption.

Plans For Tree.

Present plans for the community Christmas tree includes a program furnished by numbers from each of the valley schools. The tree and program will be at the high school Sunday evening before Christmas, December 23. The problem of providing candy for the children of the valley has not been solved as yet but they hope to secure enough and treats of some sort will be provided. Santa Claus will, of course, be present. Having the program at the high school will provide ample room for everyone who wishes to attend. The church is not large enough. There will be a short Christmas program following Sunday school December 23, at the Boonville church, given by pupils under direction of Mrs. Nichols, superintendent. Mrs. Nichols also has charge of the community Christmas program.

POPULAR FORMER RESIDENT

NO SHORTAGE

State Forester DeWitt Nelson has denied reports there will be an acute shortage of Christmas trees in California this year. Forester Nelson said shipments to state markets are normal and will be "sufficient" for the Christmas tree buying public. Similar rumors in previous years have resulted in excessive last-minute cutting. Thousands of trees have been burned unsold, the forester pointed out. He urged land owners refrain from last minute sales and avoid this needless slaughter of trees.

MONARCH TREE TO BE LIGHTED

Tallest Redwood Will Be Basis Of Lovely Xmas Service

All the world will listen to a broadcast from the tallest Christmas tree in the world December 21. When the lights are turned on the famous Founders Tree in Dyerville Flat—a mighty sequoia in the Redwood Empire which was already a mature tree when Christ was born—the unique ceremonies will be described for audiences in every part of the United States and most of the other countries of the world.

To Handle Program.

The Redwood Empire Association today announced Station KSFO of San Francisco will originate the broadcast, produce and engineer and co-operate actively in writing it, and will feed it from their studios in the Mark Hopkins Hotel to KSAN, the Associated Broadcasting Company outlet in San Francisco. Associated Broadcasting in turn will release the ceremony to its 57 basic and affiliated stations throughout the entire United States.

Goes To Armed Forces.

KSFO will also feed the broadcast to Armed Forces Radio Service which will re-broadcast it by transcription at convenient times between December 21 and Christmas Eve to shortwave radio stations located in the Hawaiian area, the South and Southwest Pacific, the Philippines, China, Burma, India, Japan, the Aleutians and Alaska. This service will also broadcast it to stations in Iceland, Greenland, England, Germany, France, virtually all the rest of Europe, the Mediterranean and the South Atlantic. The total potential audience for the program will number many hundreds of millions of persons.

To Tell Story.

A dramatic descriptive and historical narrative, about the 364-foot giant and the surrounding area, has been written for the occasion by Norman Kramer, radio writer. Austin Fenger, distinguished KSFO news editor and director of special events, will be narrator. A 25-voice choir from the Humboldt State College under direction of Charles Fulkerson will sing carols and hymns. Other speakers will be Clarence Pratt, founder of the Outdoor Christmas Tree Association; W. L. Stevenson, of Fortuna, special commissoiner in charge of the lighting; and Rev. Charles H. Hudson, pastor of the First Congregational Church of Fortuna. Austin Fenger will accompany a caravan of writers, technicians and staff members of the Redwood Empire Association — which is promoting the broadcast — to the scene on December 19 and the next two days will be spent in perfecting details of the unusual broadcast which will be released at 8 p.m. December 21.

Oscar Bramlett, Long Valley rancher, was in town Saturday.

Mr. and Mrs. Jud Gowan were shopping in the city Saturday from their Potter Valley home.

HELP OF ALL IS REQUESTED

Army Seeks Assistance Of Everyone To Find Planes

The residents of every farm, village, town and city in northern California, Washington, Oregon, Nevada and Idaho are being asked to assist a new search and rescue program of the Fourth Air Force which has been organized to save the lives of flying personnel who crash or parachute from their planes, Major General Willis H. Hale, Commanding General Fourth Air Force, has announced.

What To Do.

If you see a plane crash, call the police, sheriff or state highway patrol immediately, giving them the details of the incident, the location and your name and address. They will forward the information to the proper Army or Navy authorities. Residents of these five western states can also help in locating missing planes. Currently a widespread search is continuing in the Fourth Air Force area for two B-24 heavy bombers missing since November 1. If you have any clew as to the whereabouts of these planes forward your information to the nearest law enforcement agency who will send it on to the Fourth Air Force search and rescue organization, the 475th AAF Base Unit.

Many Were Saved.

The 475th has its headquarters in San Francisco with the Fourth Air Force and controls search and rescue activities throughout the five western states and coordinates searches with the Navy, Marine and Coast Guard units. The organization is under the command of Colonel Alfred V. Walton. Since the Fourth Air Force emergency rescue program was first established in September, 1944, 931 persons have been rescued. Many of these were due to tips and phone calls from residents on outlying farms and in small towns.

NO MOTOR METERS TO BE INSTALLED IN UKIAH

It is believed Ukiah will not, at this time, undertake installation of motor meters. Instead an added effort will be made to try and enforce better parking regulations and to that end Jack Mason, son of Mr and Mrs. John Mason, just out of the Marines, will be employed to assist the local police force in improving traffic. In addition, when required, Mr. Mason, who is an excellent young soldier, will help out in other police lines when his services are needed.

SENDS XMAS GREETING FROM JAPANESE POST

A cheery card comes this week to A. R. O'Brien from Dave Spencer, formerly manager of The State Theatre now stationed in Japan. Mr. Spencer says he expects to be returned home by summer.

RAINS HAVE SWOLLEN THE GARCIA RIVER

The Garcia river overflowed its banks and shut off travel last week for a day. Cars were stopped at the slough and several had to be towed out by the State truck. A correspondent in The Mendocino Beacon comments: "It's funny how badly people want to get on the other side of the river just as soon as they know it is unsafe to travel the flat."

WILL THERE BE A STEEL STRIKE ?

Not if the CIO abides by its pledged word, Given only last spring.

Question: What would be the general effect on the country of a steel strike?

Answer: Over 40 percent of all the factory workers in the country earn their living by making steel into useful products for American life. A shut-down of the steel industry would be a disastrous blow to reconversion and would cause a serious loss in both wages and industrial production at a time when they were most needed.

Question: Is it true that the Steelworkers Union has pledged itself not to strike?

Answer: Yes. Every contract which the Union has signed this year with the various steel companies has a clause wherein the Union agrees not to strike during the life of the contract.

Question: Are those contracts still in effect?

Answer: Yes. They were signed in the spring of 1945 to run until October, 1946.

Question: Who signed for the Union?

Answer: Its international officials — Philip Murray, Van Bittner, Clinton Golden and others — and the local Union heads at the various plants.

Question: Is there no "escape clause" by which either side could end the agreements?

Answer: No. The Union demanded a fixed, long-term contract and got it.

Question: Why did they want a long-term contract?

Answer: In the Union's own words before the War Labor Board, "The Union's request for a termination date of October, 1946, is not made capriciously or pressed here for bargaining purposes. It represents the considered view of the Union that only such a term will adequately serve the needs of stability."

Question: Did the recent strike vote violate the contracts?

Answer: No. Only an actual strike would violate them.

Question: Haven't there been strikes already during the life of the contracts?

Answer: Yes. There were 998 strikes in steel plants during the past year alone. They were mostly local strikes which the Union characterizes as "wildcat," but they meant a big loss in production.

Question: Does the end of the war justify changing the contracts?

Answer: No. The bond was sealed on both sides and should be kept whether times be good or bad. The steel companies are continuing to live up to these agreements. If a strike is called, it will be in clear violation of the existing contracts.

* *

A strike in the face of existing contracts would shatter any confidence in the validity of union agreements in the steel industry.

CLUB HOLDS XMAS PARTY SATURDAY LAST

The annual Christmas party of the Saturday Afternoon Club was held at the clubhouse Saturday afternoon with Mrs. Wm. Nelmes Smith serving as program chairman. The clubrooms were decorated for the holiday festivities with a most attractive arrangement of red berries and greenery. The president's table was converted into a typical snow scene suggesting the traditional "white Christmas."

An exchange of Christmas gifts was followed by lively games ably conducted by the program chairman and her assistants. The delicious refreshments were suggestive of the Christmas season, served by a hostess committee consisting of Mrs. F. P. Stipp, chairman, Mrs. Guy Redwine, Mrs. W. L. Holzhauser, Mrs. Grover Neep, Mrs. R. C. Dickson and Mrs. Delbert Manson. A large number of members and guests were present to participate in the celebration which was marked by an atmosphere of happiness, indicating the country is at peace.

The opening ceremonies of the business session presided over by Mrs. James E. Busch included recital of the Flag Pledge and the reading of the Collect by Mrs. E. E. McNeil.

Two applicants were admitted to membership in the Club, indicating a constant increase is keeping pace with the city's growth in population.

Mrs. Louise A. Bernhard, chairman of the last card party, reported the proceeds amounted to $50.

It was voted to pay $100 on the Clubhouse debt, reducing the total liability to $700, which members hope to clear up soon.

JAPS LED SUB TO THE FLEET

Unusual Experience Of Ukiah Man During Late War

Lieut. (jg) Adoniram Lee Peake of Ukiah, served during the war aboard the submarine USS Cero which had the unusual experience of being "smuggled" into the midst of a good sized Jap convoy by one of the convoy's escorts. Just before dawn, the Cero became aware of the presence of the convoy, but was forced to dive as the sun arose. The sea was like a mirror, and with Jap planes overhead, it would have been suicide to approach the convoy without the periscope being spotted.

Did Neat Trick.

However, during a quick look, one of the leading escorts which had been searching on the near flank came into view and was seen to turn back toward the column. Taking advantage of the situation, the sub's skipper manoeuvered his ship to fall in at a respectful distance astern of the escort, where he sould raise his periscope unobserved.

Led Into Fleet.

Thus the escort unwittingly led the Cero in on the convoy's flank, from which position the sub worked its way into range of two large overlapping ships. Six torpedoes were fired for two hits on each of the vessels.

Got Away Safely.

As an aftermath, the Cero took a beating from more than 50 depth charges and aerial bombs, but escaped with no serious damage.

A MIXED-UP CASE INVOLVED DRINKING

In a controversy among family members Friday afternoon Mrs. M. E. Lortz, of Hopland, was shot in the thigh of each limb presumably by her son, Edward, 22 years of age, who had just returned from service. Both father and son are alleged to have been drinking in Hopland and, when the trip home was undertaken, a contention arose over droving, Mrs. Lortz insisting she drive. At home the quarrel continued and Edward Lortz, allegedly to make his mother dance, got a 22-caliber service pistol from its place in the boy's room and began shooting at his mother's feet. A scuffle resulted and Mrs. Lortz fell across a bed. At this, it is claimed, the son fired two bullets into the limbs of his mother. Both shots entered the upper thigh. The bullets were afterwards extracted. Delay was had in getting a doctor and it was considerable time after being wounded the injured woman was gotten to Ukiah General Hospital to be cared for by Dr. Gardner. Mr. Lortz, Sr., and his son are held in custody. The condition of Mrs. Lortz is reported to be satisfactory at this time.

Department Officials.

Last week the Fort Bragg Fire Department elected the following officers: Chief, Ernest Celeri; First Assistant, John Del Grosso; Second Assistant, Mero Shafsky; Third Assistant, James Andreani; President, Robert Peterson; Secretary, August Rantala; Treasurer, Ed Cooney; Trustees, Leonard Holmes, Loren Downing and Albert Bartley; Fire Marshals, Al Carlson and Jesse Price.

Drivers Careless.

Drivers of two big lumber trucks hauling lumber from the coast were arrested last week for traffic infractions and have been given citations. One, while coming down the Caspar hill, made a U-turn and failed to stop to let a car coming up the hill proceed. The other was coming up the coast for a load of lumber and, just north of Albion, drove his truck and trailer on the wrong side of the road to make a turn. Both drivers have been cited to appear before Judge Vaughn in Mendocino.

Wen As Queen.

Fort Bragg passed the halfway mark in the War Bond drive last week and we feel confident the city will reach its goal by the first of the year. Miss Louise Gianuzzi was the successful contestant in the Queen race.

Office Front Wrecked.

Wednesday morning A. J. Penitenti was rudely aroused when a telephone call informed him his place of business on Laurel street was broken into by a truck. It did not take Mr. Penitenti long to drive to the office but by the time he arrived the car was gone, the plate glass window broken, the door shoved in and the window frames pushed into the office.

Suspect Picked Up.

Chief of Police Hablutzel was called and after a little investigation, arrested Joe Gomes, of the Sunnyside Bakery. It seems Mr. Gomes had been imbibing a little too freely, and when he tried to back the bakery truck from the south side of Laurel street, his foot fell off the clutch and he could not find the brake, so he crashed into Mr. Penitenti's office Mr. Gomes finally started his truck and went on his way.

Acknowledged Guilt.

When arrested Mr. Gomes was taken before Judge Gildersleeve and pleaded guilty to two charges driving while drunk and failing to report property damage. He was fined $110 and will be without his driver's license for at least six months.

A Church Benefit.

A bazaar, sponsored by the Catholic Ladies Altar Society of Mendocino, was held in the Parish Hall in Mendocino Saturday. There was a card party with drawings for prizes and refreshments. A large number was out.

Going To Albany.

Mr. and Mrs. Allen J. Albright were honored guests at a surprise party at the Noyo Clubhouse when a large group of their friends gathered. Tables were decorated with holly and lighted candles and roast turkey was the featured dinner attraction. At the close of the party Mr. and Mrs. Albright were presented a gift of money and told to purchase what they desired. The Albrights have bought a home in Albany where Mr. Albright has a position awaiting him in the auditing department of the Western Pacific Railroad.

Home From Oregon.

Mr. and Mrs. Anthony Carine have returned from a three weeks' visit with Mr. Carine's sister at Clatskanie, Oregon.

Married In Fort Bragg.

The culmination of a wartime romance came at the home of Mr. and Mrs. Willis Dimmick when Frederick Kemppe and Miss Marie Murphy were joined in wedlock by Rev. J. Lewis Kent. The home was beautifully decorated and the ceremony was elaborate for a home wedding. The bride was born and raised in St. Louis, Missouri, and was recently discharged from the WAC. The groom was born here, enlisted in the Army Air Corps five years ago and the romance started when they met in Florida. The groom is now associated with his father in the hardware business and they also operate the butane gas service.

Mrs. Walter Hansen has returned from a month's visit in Kansas City where she visited relatives.

Mr. and Mrs. J. M. Barndt were here from Santa Rosa visiting friends.

Are Getting Placed.

Among men who have been released from the armed services we notice Melville Frazer from Europe, Melburn Culver from the South Pacific, and who is now getting acquainted with his little daughter. Merlin Culver is home from Europe, covered with medals and ribbons and is enjoying a good visit with his wife and other relatives. Capt. Glenn Burke has received his discharge and is expected home shortly. Guthrie Collins has been discharged from the Signal Corps and he and his wife are visiting friends in Los Angeles. Joe Incerti is home from the South Pacific and says he likes civilian life. Reino Andreas has seen a large part of the world and asserts he has found no place he likes better than Fort Bragg. "Bill" Freitas is home in Caspar following five years in the Army, some of which he spent on Attu. Frank Baroni is another chap who did a five-year shift in the Army and is glad to get back home. Gene Gianuzzi has been discharaged from the Seabees.

Lieut. Alder Thurman is in Fort Bragg on leave from the Navy and is visiting his parents. He now has enough points for discharge.

Chester Cernac has received his chief's rating and is home on leave, visiting his parents, following an extended tour of the Pacific.

ALDER CREEK BRIDGE TEMPORARILY CLOSED

A. M. Nash, District Engineer of District 1, State Division of Highways, announces that Alder Creek bridge, six miles north of Point Arena on the Coast Highway, is closed to all traffic for possibly two weeks. This was caused by some of the supports being washed out during the recent heavy rains. Temporary repairs are being made and will be rushed as much as possible.

PURCHASES SITE FOR SHEET METAL WORKS

J. B. Bradshaw last week bought the 100x100 foot lot at the corner of Main and East Perkins streets and will erect a plant on the property to house the Ukiah Sheet Metal Works, which Mr. Bradshaw owns. The land is part of the old Marx estate in which E. L. Albertson and the Pouos Brothers are interested.

Wac Is Out.

Corporal Carrie Ware, WAC, returned last week with an honorable discharge from 17 months' service. During that time, she was stationed in Des Moines, Iowa, Daytona Beach, Florida, and in Kentucky. She will resume teaching at the beginning of the second semester of school.

On Inactive List.

First Lieut. Charles R. Mathison, accompanied by his wife, is home. Lieut. Mathison has been placed on an inactive status as of November 21. He holds his rank in the Officers Reserve Corps. Lieut. Mathison plans to return to San Jose State College in January to complete his course in art. After receiving his A. B. degree he will do graduate work for a Master's degree. Lieut. Mathison has been offered a position as a member of San Jose State College faculty upon completion of his M. A. degree, by Dr. Reitzel, head of the art department.

Weds Navy Man.

Miss Mary Cassara and Lennart LeGreen were married at San Fernando at a church wedding. The bride wore a gown of white satin with a long veil and carried a bouquet of orchids and bouvardia. The groom, who was in the Navy, was dressed in his uniform of Chief Warrant Officer. Following the wedding a reception was held at the home of the bride's parents where a buffet supper was served. They are now visiting at the LaGreen home in Fort Bragg.

Given A Reward.

Anthony Fashauer killed a sheep-killing bear in the Navarro section with the help of his trained dogs. This bear had been killing sheep some months and was a fighter and badly wounded one of the dogs before meeting death. The neighboring sheepmen gave Mr. Fashauer a purse of $50.

Had Wedding Shower.

A wedding shower was given at the home of Mrs. Mary Freathy in Caspar in honor of Mrs. Irene Zebra. Many useful and pretty gifts were received.

Daughter Is Engaged.

Mrs. Emile Barmettler of Fort Bragg has announced engagement of her daughter, Miss Yvonne Barmettler, of the Vallejo College faculty to Warrant Officer Francis M. McDowell, of the Army. Miss Barmettler has been at the Vallejo College since January, 1942. She is an instructor in French and advisor of Vallejo's Chapter of the California Scholastic Federation. She formerly taught in Geyserville and was also secretary of supervision of the Sonoma County Superintendent of Schools at Santa Rosa. Miss Barmettler is a graduate of University of California. She is quite well known in Fort Bragg, having been here several times to visit her mother. Plans for the wedding are indefinite at the present time, but indications point to next June as the happy month for Miss Barmettler and Mr. McDowell.

PROVIDING FUNDS FOR THE RECREATION ASSN.

Herbert Lampert, of Boonville, was in town last week arranging for printing for the benefit which will provide funds for the Recreational Association of the valley and which will take place at The Apple Show building December 15. In all some $1,000 in prizes will be given away and in the number will be 50 turkeys. It promises to be a real successful affair and has the backing of all Anderson Valley.

VICHY SPRINGS IS NOT NAMED

Klamath Falls Selected For Veteran's Hospital Site

There came from Congressman Clarence F. Lea last week the following telegram:

"In regard to Veterans Hospital: Program approved by the President and being announced today by General Bradley—A 200-bed general medical and surgical hospital is authorized at Kamath Falls, Oregon, to serve the northern California and southern Oregon area. The Beard decided on the location as the most central for the area involved. Please advise others locally interested."

Had Strong Backing.

That means Vichy Springs' site has been ignored. The local choice had a lot of backing. It was endorsed by the American Legion at its National convention in Chicago and had strong support in many places.

Did His Best.

That Congressman C. F. Lea did all he could to get the site named as a Veteran's Hospital there can be no doubt, but he has failed and Klamath Falls will get the fine hospital we had hoped to secure.

WOMEN QUITTING INDUSTRIAL JOBS

Women, apparently, are on the way out of industrial employment in California, State Director of Industrial Relations Paul Scharrenberg reported last week. The number of women employed dropped from 134,000 to 116,000 during October, he said. The drop reflected cutbacks in aircraft and shipbuilding along with the usual seasonal decrease in the canning industry. The decrease was noted in both durable and non-durable goods industries, Director Scharrenberg said.

PEA INDUSTRY SEEN CREATING PAYROLLS

Supervisor Will Lawson in commenting on the benefit the pea industry is creating for the south coast said while in town the other day he observed where in three single instances pea pickers had been employed the past fall, the payroll for labor, alone, ran to $15,000 and, of course, there were numerous instances where lesser amounts were paid out for employment.

RESIGNS CONSTABLESHIP

The Supervisors last week accepted the resignation of C. H. Lovell and appointed Loren Long as constable of Round Valley Township, effective December 1.
